

the penguin chick is floffy and small. it makes cute cheeping noises as it wanders around looking for other chicks and it's Dad the chi has got lots of grey feathers the grey feathers help to him it warm. The penguin chick has got a small beak but it is sharp too It has small scaley feet with long claws. the chick scurries around in the snow and it sometimes falls over! the chick is very cute with white feathers around it's eyes it also has a black head the chick has clever black eyes i think that the chick is hungry.
